Sigurd, UT 84657

Subject: Approved Landfill Permit #9418R2

Dear Mr. Shumway:

The 30-day public comment period for the U.S Gypsum draft landfill permit and the permit application began on October 23, 2002 and ended November 21, 2002. The announcement of the public comment period appeared in the, *Richfield Reaper*, and *The Provo Herald*. No comments were received. Accordingly, no changes were required to the draft permit.

Enclosed is Permit #9418R2, which expires on January 15, 2008. A public notice of the permit issuance will appear on January 22, 2003 in the same newspapers as mentioned above.

Personnel from the Division of Solid and Hazardous Waste and/or the Central Utah Public Health Department will conduct periodic inspections of the landfill to assess compliance with the Permit and the *Solid Waste Permitting and Management Rules*.

If you have any question, please contact Ralph Bohn or Jeff Emmons at (801) 538-6170.

Sincerely,

Dennis R. Downs, Executive Secretary  
Utah Solid and Hazardous Waste Control Board
